### **COMPANY DESCRIPTION**

Wolftank Group is a leading technology partner in environmental protection services such as tank and soil remediation. Wolftank also plans and builds refueling stations for LNG and hydrogen, which is likely to be the major growth driver in the years to come. The group supports its customers in implementing their projects in an efficient and sustainable way. In short: Wolftank develops and implements tomorrow's technologies to decarbonize transport and build the infrastructure for zero-emission mobility. With this, the company actively contributes to the implementation of the global climate targets. Wolftank is organized in four business units, Hydrogen, LNG, Environmental Services and Industrial Coating and is active on a global scale, with a dominant footprint on the European market.

### **COMPANY DETAILS**

Company name: Wolftank-Adisa Holding AG

Address: street

ZIP, city: 6020 Innsbruck

Country: Austria

Phone: Tel: +43 512 345726
Fax: Fax: +43 512 345726 89
E-mail: info@wolftankgroup.com
Web: www.wolftankgroup.com

Company seat: Innsbruck

Registered court: Landesgericht Innsbruck

Register number: FN 306731a VAT-ID number: ATU63994547

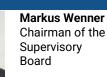

### **MANAGEMENT**

Dr. Peter Werth CEO Since 2014

Simon Reckla Group Executive Board Member Since 2023

### **EQUITY STORY - WHY TO INVEST**

- Wolftank benefits from its strong positioning in highly fragmented niche markets. A regulatory environment as well as required certifications create high barriers to entry, protecting an otherwise low capital intensive industry from emerging competition. Wolftank differentiates by having a sophisticated track record a priceless asset as failure to perform often can lead to disproportionate reputational damages and ultimately costs. On top, scale advantages allow for technological leadership (e.g. in house epoxy resin development / tank repair automation via robotic) or the ability to operate own training facilities for a still labor intensive task.
- The beauty of the equity story is however massive structural growth and pent-up demand driven by increasing environmental awareness and secular growth drivers due to the commissioning of new LNG and hydrogen petrol stations in Europe, which alone will grow somewhat between 35-100% p.a. (CAGR 22-28E), according to varying market reports. To capture the growth from a different angle, Wolftank currently has customers orders and enquires at hand which are more than twice its annual turnover. A game changing JV with Kuwait Petroleum, Italia as well as a spree of other prestigious names in the field of hydrogen and LNG further sets the stage for double digit top- and bottom-line growth in the years to come.
