

H₂E POWERCUBE

HYDROGEN TO ELECTRICITY

INNOVATIVE

State-of-the-art technology converting hydrogen to electricity.

POWERFUL

Electricity output capable of fast charging BEV in areas with insufficient electric coverage.

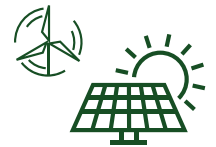

FUNCTIONAL

Suitable to supply cars, trucks and buses, as well as an energy generator for construction sites, events or complete back-up system.

RENEWABLE LOCAL H₂ PRODUCTION

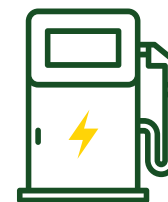

IMPORTED ENERGY CARRIER

RENEWABLE LOCAL ELECTRIC ENERGY PRODUCTION

H₂E POWERCUBE

ELECTRICITY TRUCK & BUS

ELECTRICITY CAR

OUR HYDROGEN LOGISTIC CONTAINER IS FULLY COMPATIBLE AS TRANSPORT SOLUTION.

THE IDEAL SOLUTION TO PROVIDE HIGH QUANTITY OF ELECTRICAL ENERGY IN SHORT TIME AT DECENTRALISED PLACES.
